BRICS Sustainable Lifestyle Week (BSLW-2026)

(DAY THREE)

ORGANISED BY ECO-CLUBS, NSS

REPORT ON BRICS SUSTAINABLE LIFESTYLE WEEK (BSLW-2026)

SAVE WATER

Government Degree College, Jammalamadugu, Andhra Pradesh

Date: 03 November 2026

Venue: Government Degree College, Jammalamadugu

Programme Coordinators:

Dr. S. Nagendra,

Lecturer in English, NSS Coordinator

Aim

The main aim of the Save Water Awareness Programme is to create awareness among students and faculty members about the importance of water conservation and the need to adopt sustainable water-saving practices in daily life. The programme emphasized the significance of preventing water wastage by identifying and fixing water leakages on the college campus.

Objectives

The programme was organized with the following objectives:

- To create awareness about the importance of water as a precious natural resource.
- To promote responsible and judicious use of water among students and faculty members.
- To identify water leakages and encourage immediate repair to prevent water wastage.
- To motivate students to adopt water-saving habits at home and on the college campus.
- To encourage active participation in environmental protection and sustainable lifestyles in accordance with the objectives of BRICS Sustainable Lifestyle Week (BSLW–2026).

Activity

Government Degree College, Jammalamadugu, Andhra Pradesh, organized Save Water Awareness Activities as part of BRICS Sustainable Lifestyle Week (BSLW–2026) on Tuesday, 03 November 2026. The programme was conducted under the leadership of Vice Principal Dr. S. C. Sanjeeva Reddy. Dr. S. Nagendra, Lecturer in English and NSS Coordinator, along with other faculty members and students, actively participated in the programme.

During the activity, participants were sensitized to the importance of conserving water and preventing its unnecessary wastage. Special emphasis was placed on identifying leaking taps, damaged pipelines, and other sources of water loss. The participants were encouraged to take necessary steps to fix water leakages and ensure the proper maintenance of water facilities on the college campus. Awareness was also created regarding the responsible use of water in daily activities. The programme highlighted that even small efforts, such as closing taps properly and repairing leakages promptly, can contribute significantly to water conservation.

Outcome

The Save Water Awareness Programme created a positive impact among students and faculty members regarding the importance of water conservation. Participants developed greater awareness of the need to prevent water wastage by fixing leakages and using water efficiently. The activity encouraged students to become responsible environmental citizens and ambassadors of water conservation. It also promoted the adoption of sustainable lifestyle practices within the college and the surrounding community. The programme successfully reinforced the message that **"Every Drop Counts"** and that collective efforts are essential for conserving water for future generations.

Conclusion:

The Save Water Awareness Activities conducted under BRICS Sustainable Lifestyle Week (BSLW–2026) at Government Degree College, Jammalamadugu, successfully promoted awareness about water conservation and sustainable living. The programme encouraged active participation and emphasized the responsibility of every individual in protecting precious water resources.
